SPRING SUMMER 2026

SS26TP01

SPRING|SUMMER 2026

The collection - for the modern protagonist, one who values purity of form, integrity of materials, and the art of elegant expression.

The fabrics - natural, lightweight linens, flowing silks, crisp cottons in neutral tones, punctuated by bold accents.

The shapes - redefined through angular cuts, layered compositions, and subtle minimalist detailing, creating garments that are contemporary yet enduring.
